THE ULTIMATE

Battery Backup for Basement Flood Protection

Get the best in basement flood protection with the Sumpro from Ion Technologies. This revolutionary battery backup system makes use of 2 maintenance-free AGM batteries (batteries sold separately) to keep your pump functioning for extended run times in the event of a power outage.

- Compatible with any 115-volt sump or sewage pump up to 12 amps (not included)
- Capable of running two pumps when paired with the Ion Genesis
- LCD screen provides real-time info including battery status, alarm modes, and battery capacity
- LED lights to indicate AC or DC operation and alarm modes
- High inrush capability provides protection during heavy rains while the power is out

Take Control.

PRESIDENT'S THOUGHTS

by Brian Rich
Illinois PHCC President

Rain rain go away come again some other day! I don't know about you but I'm ready for the rain and cold to move on down the road. Looking forward to warmer, sunny days ahead. Besides the dreary weather, March was a fantastic month. Myself and many in my family celebrated birthdays. We were also able to go to Las Vegas and celebrate our son's COVID 21st birthday. Garrett turned 21 during the height of COVID lock downs and was unable to travel so we celebrated this year. It was amazing! While in Las Vegas Garrett and I jumped off of the Strat Sky Jump, the entire family then rode the 3 rides on top and finished with a meal at the Top of the World restaurant which treated us to a 360-degree view of Las Vegas and the surrounding area. We did throw in zip lining on Fremont Street, a couple of roller coaster rides at New York New York, lots of gambling and fine dining. It was a great change of pace and some much needed family bonding time.

After a 2-year hiatus the IL PHCC was able to hold their annual Expo along with a large continuing ed class for licensed plumbers on March 18th at Drury Lane in Oakbrook. The event was a huge success! I said it last month, but I'd like to say Thank you again to Brian Yelton from Inland Sales Group, Michelle Harden from the Office of the Illinois Attorney General, Disability Rights Bureau, and SEDAC on the Illinois Energy Conversation Code for making the continuing ed class educational and well worth the time. The vendor booths were full of merchandise, educational information, lots of energetic salespeople and attendance was fabulous. It was a great atmosphere to be in!

I'd like to remind everyone that your Plumbing License Renewal is due by April 30th so if you haven't already done so, please go online and renew! As I mentioned last month, the IL PHCC is offering continuing education for Illinois licensed plumbers virtually. The schedule is available on the ILPHCC website, www.ilphcc.com.

I hope you take the time to thoroughly read through the magazine each month. The magazine contains valuable information for you and your business. Each month Executive Director Bev Potts updates us on the legislative issues impacting our businesses. You can find business tips, OSHA info, HR tidbits, and risk management topics. All of this information is related to the PHCC member benefits which include: Best Practices, Advocacy, Workforce Development, Expert and Affordable Training, Networking Opportunities, as well as Savings and Discounts. If you're not a PHCC member,

why not give us a try!

Another reminder, if you have a student finishing up their freshman year of college that could use a little help paying for books, tuition and other fees that go along with getting their degree you might want to check out the 2 scholarship applications found in this month's issue of the magazine. First, the Illinois PHCC Auxiliary not only raises funds throughout the year to help promote the p-h-c industry, but also provides assistance to college students through their scholarship award program. Who doesn't need a little help with the rising costs of higher education? Second, are you a past IL PHCC president? Your time served will always be greatly appreciated! As a thank you, you have the opportunity to sponsor a worthy high school senior or graduate of a secondary school for the Past President's Club Scholarship. This individual must be pursuing a course of study that will prepare them to serve in or to advance the interest of the plumbing, heating, cooling industry. You will find both applications with more specifics in this issue of the magazine.

I typically like to close with a thought for business or personal improvement, both of which I'm always striving for. This month's topic is Marketing. As a plumber we may not think marketing is very important. Besides, everyone needs a plumber, right? But, are they going to call you? Marketing is often overlooked or a very small portion of a company's budget. So many questions to answer when we say the word Marketing. How do we market ourselves? What is our target audience? What do we have to offer? Social Media marketing is all the rage but how do we get the most for our time and effort? Just a few tips from my research. Facebook – by far the largest social media site with a 40+ demographic. Instagram and YouTube – both popular platforms for men and women under 40. Twitter – more popular with males between the ages of 30 and 60. TikTok – Audience is 35 and under. Finally, LinkedIn is the powerhouse of social media for small businesses. In conclusion, as a business owner, we can't ignore social media but we all have a limited amount of time and resources so I encourage you to educate yourself first so the effort you put forth gives you the best bang for your buck.

Brian

IN MEMORY

Robert Dippel, husband of Illinois Auxiliary secretary Jenny Dippel of Granite City, IL passed away in his home Friday, March 18, 2022.

Robert met Jennifer in New Zealand and they married on February 13, 1967.

In addition to his wife, Robert is survived by his daughter: Kerin (Stan) Stascinsky; 2 sons: Craig (Michelle) Dippel and Brent Dippel; 3 grandchildrena, and his brother Thomas Dippel .

A memorial visitation was held March 25th with services immediately following at Wojstrom Funeral Home and Crematory in Granite City. Burial will be held at a later date.

In lieu of flowers the family is asking for donations to be made to Nameoki United Methodist Church for Ukrainian Relief, please include UMCOR in the memo line, or you may make your donation at <https://advance.umcor.org/>

The Illinois PHCC and Auxiliary express their sympathy to Jenny and her family.

2022 EXPO & EDUCATIONAL DAY CEU CLASS

Over 300 licensed plumbers attended the Illinois PHCC Expo CEU class on Friday, March 18th at the Drury Lane Conference Center in Oakbrook Terrace. Speakers were Brian Yelton, president of Inland Sales Group, on Supply Chain Issues in our Industry; Michelle Harden, Accessibility Specialist for the Office of Illinois Attorney General speaking on the Illinois Accessibility Code; and Shawn Mauer from the Smart Energy Design Assistance Center on the Illinois Energy Efficiency Code. Illinois PHCC Past President Steve Stimson served as moderator for the class.

The registration for the class is done entirely by volunteers from around the industry, many of whom are also working a booth, manning the Expo registration, and helping in other capacities. They did an awesome job of getting the attendees in and out in a timely manner.

The Illinois PHCC would like to thank everyone involved with the class and the Expo for their continued dedication and support. We couldn't do it without you! 🇺🇸

EMPLOYERS MUST POST OSHA FORM 300A

OSHA reminds employers that they must post a copy of OSHA's Form 300A, which summarizes job-related injuries and illnesses logged during 2021. Each year, between February 1 and April 30, the summary must be displayed in a common area where notices to employees are usually posted. Businesses with 10 or fewer employees and those in certain low-hazard industries are exempt from OSHA recordkeeping and posting requirements. Visit OSHA's Recordkeeping Rule webpage at <https://www.osha.gov/injuryreporting/> for more information on recordkeeping requirements. 📄

ILLINOIS PHCC AUXILIARY SELLS ITEMS AT EXPO

In addition to volunteering with the CEU class and Expo registration at Drury Lane on March 18th, Auxiliary members were busy selling t-shirts and Illinois Plumbing Code books. The Auxiliary receives a portion of the proceeds from the sale of each Code book. Auxiliary members and volunteers also stuffed bags (donated by Federated Insurance) and handed them out as people entered the show.

The proceeds from the Auxiliary's projects at the Expo are used for their scholarship fund and industry promotion/support projects.

If you missed getting a "Licensed Plumber" t-shirt at the Expo, an order form is included in this issue of the magazine.

ILLINOIS PHCC LEGISLATIVE UPDATE

By Bev Potts

The Spring Session of the Illinois General Assembly is quickly nearing the deadline for adjournment. Committees have been meeting virtually and House and Senate sessions are being held in-person, with mitigation requirements. With the primary election moved from March until June, the scheduled adjournment date for the General Assembly is April 8th rather than the traditional May 31st. Following are some of the bills we are watching and their current status.

Plumbing/Piping/Trade Related Bills:

- HB 2538 (D. Stoneback)** Creates the General Contractors Licensing Act; provides for the licensure of general contractors (including plumbing contractors and all other trades) by the Department of Financial and Professional Regulation. Re-referred to House Rules.
- HB 4245 (J. Hoffman)** Amends the Regulatory Sunset Act to extend the repeal date of provisions of the Illinois Plumbing License Law concerning irrigation contractors from January 1, 2024 to January 1, 2029. Passed the House and on 3rd Reading in the Senate.
- HB 4295 (D. Stoneback)** In provisions regarding lead service line replacement, provides that as LSLs are replaced an owner or operator of a community water supply shall comply with specified provisions of the Illinois Plumbing Code regarding sewer crossings. Provides that when doing so will create an undue hardship due to excessive structural or mechanical difficulty, or impracticability, the owner or operator of the community water supply shall automatically be granted a variance by IDPH and be exempt from the separation requirements of the specified provisions. Assigned to the House Labor & Commerce Committee and later Re-referred to Rules.
- HB 4482 (D. Conroy)** Creates the Water Heater Safety Valve Act. Provides that a manufacturer or supplier of a hot water heater for use in a residential home or facility must supply or attach a temperature mixing valve or other safety valve to the hot water heater or tank that prevents water

temps above 120 degrees Fahrenheit from coming out of an outlet. Amends the Illinois Plumbing License Law to apply the same requirements to plumbers. Assigned to House Labor & Commerce Committee; Re-referred to Rules.

- HB 4810 (K. Wheeler)** Amends the Fire Sprinkler Contractor Licensing Act to remove requirements for persons performing inspection or testing of any fire sprinkler system to possess proof of an appropriate level in level II & III NICET certification in Inspection and Testing. Assigned to House Labor & Commerce Committee; Re-referred to Rules.
- HB 5566 (L. Robinson, Jr.)** Provides that the EPA shall provide grants to municipalities to provide filters for areas with lead service lines whose areas do not have a plan to replace the LSLs. Includes restrictions and specifications. Re-referred to House Rules.
- HB 5576 (C. Ammons)** Provides that the State shall not regulate a profession, occupation, industry, business or trade in a manner that will unreasonably and adversely affect either the competitive market or equitable access to quality jobs and economic opportunities. Adds a requirement that the OMB's study on the performance of regulatory agencies shall include in its report whether the agency or program restricts a profession, occupation, business, industry or trade any more than is necessary to protect the public health, safety or welfare from significant and discernible harm or damage. Provides that the OMB's study can examine the termination, modification, or continuation of a regulatory agency or program. Passed the House and is on 3rd Reading in the Senate.
- SB 3014 (R. Villivalam)** Amends the Swimming Facility Act to provide that seasonal events of religious institutions are exempt from rules adopted by IDPH requiring the installation of permanent structures. Referred to Senate Assignments.

SB 3741 (R. Villivalam) Provides that every municipality shall inspect all single-family residences and multi-family buildings in the municipality built before 1978 for the presence of lead paint and lead piping by June 1, 2024. Referred to Senate Assignments.

Other Construction/Business Related Bills:

HB 4268 (J. Mason) Provides that a duty of the regional superintendent of schools is to inspect the energy conservation measures of schools. Various issues regarding school energy conservation, guaranteed energy savings contract proposals, performance reviews, the award of a contract, and cost savings. Re-referred to House Rules.

HB 4384 (E. Dina Delgato) Provides that within 30 days after the date that a written request for a change order is submitted by a contractor to a State agency, if the State agency fails to either issue the change order with an agreement on price or give specified written notice to the contractor, then the contractor may stop work. Provisions apply only to contracts for construction and construction-

related services entered into by IDOT, the Capital Development Board, and public institutions of higher education. Passed in the House and is Senate Executive Committee.

HB 5088 (W. Davis) Creates the Wage Theft Act. Re-referred to House Rules.

HB 5412 (M. Evans) Amends the Illinois Wage Payment and Collection Act in relation to primary contractor responsibility for wage claims in the construction industry. Also applies to subcontractors of subcontractors. Amended and Passed in the House. Assigned to Senate Executive Committee.

SB 178 (L. Holmes) This is an initiative of IMSCA which continues their work on retainage reform. Re-referred to Senate Assignments.

Contact the Illinois PHCC office with questions/comments on any legislation or regulatory activity. 📞

LICENSE RENEWAL TIME – DON'T DELAY!!

It is now the time of year for all Illinois licensed plumbers and apprentices to renew their licenses. Renewal forms containing your PIN to make your online payment are were mailed in late February. Please use the following email address for IDPH for all questions, renewal inquiries, to obtain PIN #s, to update your information, etc. DPH.Plumbing@illinois.gov.

As soon as you receive notification from the IDPH, please renew immediately. Do not wait until April 30th to renew!

If you do not have your **continuing education credit** completed for this year, our class schedule is posted on our website at www.ilphcc.com. 📞

PLUMBING BUSINESS, BUILDING, AND TOOLS FOR SALE

Profitable, successful, well-established business in central Illinois is ready to pass the baton to the next generation. This area is desperately deprived of plumbing, heating, and well contractors. Our sales and customer base has increased as more families have moved to rural locations from nearby cities; sales topped \$500,000.00 last fiscal year. Newly created website. Three stall extra high garage with a separate large room for the warehouse. Extra income from a move in ready apartment recently updated with separate entrance and utilities. Current office could easily be rented as living space. Service van, well truck with hydraulic lift, many tools, and equipment ready for sale. We are motivated to be with our grandchildren and ready to sell. Please contact Loni at Jeckel Plumbing & Heating, LLC, 117 E Third St, PO Box 21, Delavan IL 61734. Phone 309-369-2214 or email jeckelph@gmail.com 📞

2022 ILLINOIS PHCC CEU SCHEDULE

The Illinois PHCC is working on our schedule for online and in-person classes for the 2023 renewal year. These classes offer a minimum of 3 different speakers and topics in each class. The topics include, but are not limited to, Emergency Showers & Eye Wash Stations, Diagnosing Today's Water Heaters, Excavation Safety, Cast Iron DWV Systems, Proper Methods for Installing Copper, Tool Safety, the Illinois Accessibility Code as it Relates to Plumbing, Water Quality & Waterborne Pathogens, Regulatory Updates, and more.

All Illinois PHCC classes will provide State hours for Certified Inspectors and Licensed Plumbers.

Below is our current schedule of continuing education classes for Illinois licensed plumbers. **Please visit our website at www.ilphcc.com for the latest information and to register for a class.** Registration links will be live at least 6 weeks prior to the class date.

2021-2022 Continuing Education Dates

Friday, April 22, 2022 - 12:00 pm-4:00 pm
(Online)

Must be registered by April 14th.

IDOL CONCLUDES ENFORCEMENT OF EMPLOYMENT OF ILLINOIS WORKERS ON PUBLIC WORKS ACT AS UNEMPLOYMENT RATE FALLS BELOW FIVE PERCENT

State law mandates enforcement when jobless rate is above five percent.

Due to the improving economy in Illinois and the statewide unemployment rate falling to 5%, the Employment of Illinois Workers on Public Works Act is no longer in effect as of March 14th. The law, which requires employees on all public works projects to be comprised of a minimum of 90% Illinois residents, took effect on July 1, 2020, when the jobless rate was above five percent for two consecutive months.

On March 14th, the U.S. Department of Labor announced the state's jobless rate was five percent, triggering the suspension of enforcement of the Employment of Illinois Workers on Public Works Act.

“Following two challenging years due to the COVID-19 pandemic, Illinois’ economy is improving thanks to policies implemented by the Pritzker Administration,” said Illinois Department of Labor Acting Director Jane Flanagan. “The Illinois Department of Labor will continue enforcing the Illinois Prevailing Wage Act to ensure public tax dollars are granted to local contractors and workers.”

The Illinois Department of Labor (IDOL) administers the Employment of Illinois Workers on Public Works Act, which was enacted to alleviate unemployment in Illinois by ensuring that most workers on public works projects are residents of the state.

Reviewing the OSHA Top 10

Safety violations can occur in any number of ways, but there are plenty of opportunities to help create safer work environments. One way is to become familiar with the Occupational Safety and Health Administration (OSHA) Top 10 list, which accounts for the most frequently cited standards following inspections of businesses and worksites by federal OSHA.¹ This helpful list can be used as a guide to learning what common risks to watch out for, and accessing vital information to help avoid devastating — and costly — worker injuries or fatalities.

Each year, OSHA posts their Top 10 violations after the month of April to allow the prior fiscal year's inspection data to finalize.¹ For the 2020 fiscal year, the Top 10 consisted of:

- | | |
|-----------------------------------|---|
| 1. Fall Protection ^(C) | 6. Lockout/Tagout |
| 2. Hazard Communication | 7. Powered Industrial Trucks |
| 3. Respiratory Protection | 8. Fall Protection Training Requirements ^(C) |
| 4. Scaffolding ^(C) | 9. Eye and Face Protection |
| 5. Ladders ^(C) | 10. Machinery and Machine Guarding |

OSHA inspections across the nation are completed at both the state and federal levels. In 2021, over 60,000 OSHA inspections occurred, resulting in more than 89,000 violations.² Knowing that these risks exist — and that there are plenty of resources to help mitigate them — what will you do for your business to avoid becoming a part of this statistic?

Consider your specific business and workplace. Depending on the type of work that is done there, one or more of these safety risks may be present. Have you read the applicable standards? Written safety programs and regular training are great ways to help engage your employees in safer work habits. Post clear signage with workplace safety reminders, and verify that all employees are using the proper equipment and attire for their jobs. This includes ensuring that employees have access to Personal Protective Equipment (PPE), maintaining equipment and machinery, and verifying that your workplace is operating at a high standard of safety and functionality so your employees are comfortable and confident in their ability to complete their work.

Federated Insurance provides OSHA Top 10 information on [mySHIELD®](#), and offers access to additional resources, such as sample safety programs and training content to help identify and mitigate worksite health and safety hazards.

ILLINOIS PHCC PAST PRESIDENT'S CLUB SCHOLARSHIP FUND

1. Name of the Scholarship Fund shall be the "Illinois PHCC Assn. Past President's Club Scholarship Award".
2. Scholarship is established through dues income to Past President's Club.
3. A scholarship shall be awarded to an individual who has been nominated by a member of the Illinois PHCC Past President's Club who has been a member in good standing for the past two years.
4. Applicant must have the following qualifications:
 - a. Applicant must be a member of the senior class or graduate of a secondary school.
 - b. Pursue or desire to pursue courses of study such as may prepare them to serve or to advance the interest of the plumbing-heating-cooling industry.
5. The President of the Past President's Club shall be the Chairman and appoint two members to assist him in selecting the Scholarship Winner.
6. In no case shall more than one Scholarship be awarded to any one applicant, but the Scholarship Committee may award more than one scholarship at their discretion.
7. Scholarships shall be awarded at an event of the Illinois PHCC in June 2022.
8. The Executive Director shall be directed to inform the applicant who will be awarded the Scholarship.
9. Applicants not winning the award may be eligible to apply the following year.
10. The Scholarship money shall be made payable to the school of the applicant's choice. If the winner has changed schools since applying, he or she shall notify the IL PHCC Executive Director immediately.
11. If a recipient should drop out of school during the year, the balance of the award should be returned to the Past President's Club.

Application must be received in the Illinois PHCC office no later than June 1, 2022.

GOOD LUCK!

DEADLINE TO BE CONSIDERED FOR THE SCHOLARSHIP IS MAY 27, 2022

PHCC ILLINOIS AUXILIARY SCHOLARSHIP RULES

1. Scholarships are awarded in the amount of \$500.00 or more but not to exceed \$2,000.00 and shall be given by the Illinois Auxiliary each year in June, as funds are available, to those who desire to further their education.
2. The applicant must be at least a freshman in college having completed one full semester with at least 8 credit hours of study. Seniors in high school may NOT apply.
3. No person may receive more than one award from Illinois Auxiliary during his or her academic career, and there cannot be more than two awards per family per year. A permanent list of recipients will be kept in the scholarship files.
4. In addition to the completed application form, the applicant must submit the following:
 - A handwritten letter including personal data, family size, explanation of need for scholarship monies, and career plans. Include information about participation in high school, college, and community activities as well as work experience. Knowledge of and/or working experiences with plumbing industry may be included, but not necessary.
 - Three letters of recommendation.
 - One letter must be from a sponsor, who is a member in good standing of Illinois PHCC Auxiliary.
 - The other two letters must be from people who are not relatives, but know the applicant personally and can attest to the applicant's character and provide other pertinent information. Knowledge of parents would not necessarily qualify them for having knowledge of applicant.
 - Photo of the applicant.
 - Official transcripts—see details on application form.
5. **The deadline for submitting application is May 27, 2022.**
 - Application must be postmarked no later than this date and include all the information required. If it is incomplete, application materials will be discarded and applicant will not be considered for a scholarship. Applicants may resubmit the following year.
 - The scholarship committee will have the final decision in awarding these scholarships. If you have any further questions, please feel free to contact me using the information listed below:
