PRESIDENT'S THOUGHTS

by Brian Rich
Illinois PHCC President

Hello again. I hope this letter finds you healthy, happy, and doing well in your business. One thing I find that helps me stay happy and focused on our business is to have quick trips away with family. I have been blessed to have 2 opportunities lately to spend some quality time with my family. First, I was able to get away to the Ozarks for Father's Day weekend with my immediate family. This year I got to share my day with my wife because her birthday fell on Father's Day. We had a great time boating, relaxing and playing with our granddaughter Rachel. Second, I was able to spend 4th of July up north at the cabin with my family, my parents and Steve and Tammy's family. We had a blast spending time on the water, grilling out and just enjoying each other's company. On our way home we took a detour and met our son Garrett's girlfriend's parents and family, must be serious.

Being a member of PHCC is important to me personally and has been vital to our business for the past 52 years. The mission of the Illinois PHCC is: Through a commitment to excellence, our Plumbing-Heating-Cooling Contractors strive to protect the environment, health, welfare, and safety of the residents of Illinois. The benefits of being a PHCC member are limitless. Knowing that PHCC is in Springfield fighting to protect and strengthen the Illinois Plumbing License Law is invaluable. PHCC offers so much more; representation on many regulatory/advisory boards and other industry groups, news about what's happening in the industry especially during these unprecedented times, safety & insurance resources, and many networking opportunities. I am thankful for the efforts PHCC makes on our behalf.

Networking opportunities are key to any business. We can all learn from one another. This year networking might look a little different at the local, state and national level. Keep an eye out for information coming soon regarding the Illinois PHCC Virtual Expo and the PHCC Connect 2020 "Expand Your Vision for Success". Our annual national convention will be brought to you in a virtual format this year. It will still be packed full of great education, a virtual product show, high-caliber, inspirational keynote speakers and an opportunity to network, virtually. You will be able to participate this year from the comfort of your home or office. No travel costs, no days away so be sure to register for this great event brought to you by our National PHCC. Don't miss out!

Speaking of "Expand Your Vision for Success", we have been expanding our vision for the business. As we all know, running a family owned construction business can be challenging at times. There are always bumps in the road like COVID-19 has been this year. Like others, we have had to adapt to doing business and having meetings in a virtual format. The COVID crisis has made us think outside the box. Fortunately for us, we had been making some changes and expanding our business on the municipal service side. With businesses being closed, the tax dollars are not coming in for municipalities. Infrastructure improvements may suffer in the next few years. Having our service side up and running will hopefully be a benefit when municipalities can only afford to repair and maintain their plants rather than build new. I challenge you to "Expand Your Vision for Success" and think outside the box!

"Networking is a lot like nutrition and fitness: we know what to do, the hard part is making it a top priority." –

Herminia Ibarra

Brian 🇺🇸

VIRTUAL ILLINOIS PHCC EXPO TO GO LIVE IN AUGUST

The Illinois PHCC is pleased to announce that the March 20, 2020 Expo that was unable to be held due to COVID-19, will become available in mid-August in a virtual format.

Exhibitors will be able to show their company profile, websites, contact information, and downloadable materials and brochures, and much more. Lead retrieval by the use of in-app attendee QR codes will be another feature of this format.

This will not be a one day only event, but will be available for an extended time.

Watch the Illinois PHCC Facebook page, our website at www.ilphcc.com, and your email for the announcement of the opening date and instructions on how to attend. 🇺🇸

PHCC CONNECT 2020 GOES VIRTUAL TO PROVIDE A DYNAMIC, INTERACTIVE ONLINE EXPERIENCE

With the health and safety of attendees, staff and the public top of mind during the current public health crisis, the Plumbing-Heating-Cooling Contractors—National Association (PHCC) announces that it will offer its annual conference, PHCCCONNECT2020, in a virtual format. The event, scheduled for Sept. 30-Oct. 1, will offer a valued-packed online program, full of high-quality education and networking opportunities.

“This decision to ‘bring CONNECT to you’ was made after much careful consideration and input from PHCC members,” said PHCC President Jonathan Moyer. “It was the right thing to do in these current times, and we embrace the opportunity to safely deliver this highly anticipated event in a new innovative, easy-to-use format.”

With the theme “Expand Your Vision for Success,” the virtual conference will offer high-caliber keynote speakers, timely and relevant educational sessions and new virtual networking events, with the added benefit of experiencing it all from the comfort of an office or home.

Program highlights include:

- More than 20 **education sessions**
- Inspirational and informative **keynote speakers**
- **Live Q&A** with select speakers
- A virtual **Product & Technology Showcase**

- **Reimagined networking** opportunities
- **Access to education session content** for 30 days
- **Affordable Experience** – No travel & hotel costs & reduced registration rates

**More specific details
about the event
will be available
later in July.
For updates,
visit**

www.phccweb.org/connect

About PHCC

The **PHCC National Association**, formed in 1883, provides legislative advocacy, education and training to approximately 3,300 plumbing and HVACR businesses and 65,000 technicians. Members of PHCC have access to a wide variety of services designed to increase their professionalism, grow their business and improve profitability. For more information about PHCC, visit **phccweb.org**.

2020 ILLINOIS PLUMBING LICENSE RENEWAL AND CE DEADLINE EXTENDED

Emergency Rules have been adopted and Governor Pritzker has issued an Executive Order extending the deadline for **renewal of Illinois plumbers' licenses and continuing education requirements until August 28th**. This applies to plumbers, apprentices, and inspectors. The following link will connect you directly to the emergency rule for the Plumbers Licensing Code: <http://www.dph.illinois.gov/sites/default/files/COVID19/68-750RG-E.pdf>

At this time, we do not know when classes will be allowed to resume. When we have that information we will announce the schedule on our website www.ilphcc.com and on the Illinois PHCC Facebook page. <https://www.facebook.com/IllinoisPHCC>

It is recommended that you still go online and renew your license in order to avoid a backlog. Once you complete the required continuing education, the credit will be uploaded and your license will be issued.

FREE ADS FOR PHCC MEMBERS

Did you know that as a member service, Illinois PHCC members can place up to two free classified ads per year in the Illinois Master Plumber magazine? The ads can be up to two column inches in size and can be used to advertise employment opportunities or industry items for sale.

Contact the Illinois PHCC office to take advantage of this opportunity to get rid of that excess inventory or unused tools and equipment. You can email Bev (bev@ilphcc.com) or Shelly (shelly@ilphcc.com) with your ad, or call the office at 217-522-7219.

ILLINOIS PHCC RECEIVES AUXILIARY DONATION

At the Illinois PHCC Auxiliary meeting held via Zoom on June 5th, the Auxiliary voted to donate \$3,000 to the Illinois PHCC. Over the years, the Auxiliary has contributed to replacing the roof on the Illinois PHCC office building, repairing the parking lot, purchasing office equipment and other needed supplies. They also help with CEU classes and are a sponsor of the annual meeting/installation event.

The Illinois PHCC would like to thank the Auxiliary for their continued support of the Association. The officers, members, and staff greatly appreciate all you do for us and the industry.

PIPING INDUSTRY CALENDAR

This free on-line calendar covers the piping/plumbing industry with no cost to view or post dates/events. The following organizations have events or meetings posted on the calendar: ASSE, ASPE, Illinois PHCC, IMSCA, MCA-Chicago, MCAA, Midwest Distributors Association, PCA of Greater Chicago, Plumbing Council, and the UAC. Everything from general meetings, annual conferences, continuing education classes to social events are posted on the calendar.

To view the calendar, log on to www.piccal.org. or click the link on the Illinois PHCC website. If you know of an entity that you think should be listing their information on the PIC Calendar, contact S.J. Peters or Jeff Weiss at 312-563-9526, or email jeff@plumbingcouncil.org.

U.S. DEPARTMENT OF LABOR ISSUES FREQUENTLY ASKED QUESTIONS AND ANSWERS ABOUT FACE COVERINGS, SURGICAL MASKS AND RESPIRATORS IN THE WORKPLACE

The U.S. Department of Labor's Occupational Safety and Health Administration (OSHA) has published a series of frequently asked questions and answers at <https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/diy-cloth-face-coverings.html> regarding the use of masks in the workplace.

“As our economy reopens for business, millions of Americans will be wearing masks in their workplace for the first time,” said Principal Deputy Assistant Secretary for Occupational Safety and Health Loren Sweatt. “OSHA is ready to help workers and employers understand how to properly use masks so they can stay safe and healthy in the workplace.”

The new guidance outlines the differences between cloth face coverings, surgical masks and respirators. It further reminds employers not to use surgical masks or cloth face coverings when respirators are needed. **In addition, the guidance notes the need for social distancing measures, even when workers are wearing cloth face coverings,** and recommends following

the Centers for Disease Control and Prevention's guidance on washing face coverings.

These frequently asked questions and answers mark the latest guidance from OSHA addressing protective measures for workplaces during the coronavirus pandemic. Previously, OSHA published numerous guidance documents for workers and employers, available at <https://www.osha.gov/SLTC/covid-19/>, including five guidance documents aimed at expanding the availability of respirators.

For further information and resources about the coronavirus disease, please visit OSHA's coronavirus webpage at <https://www.osha.gov/SLTC/covid-19/>

Under the Occupational Safety and Health Act of 1970, employers are responsible for providing safe and healthful workplaces for their employees. OSHA's role is to help ensure these conditions for America's working men and women by setting and enforcing standards, and providing training, education and assistance. For more information, visit www.osha.gov. 

MANDATORY SEXUAL HARASSMENT PREVENTION TRAINING NOW AVAILABLE

Public Act 101-0221 (commonly referred to as the Workplace Transparency Act), requires Illinois employers to provide sexual harassment prevention training to their employees on an annual basis, regardless of the size of the company.

Under this law, Illinois employers have until **December 31, 2020**, to train employees on sexual harassment prevention. The Act provides minimum standards that must be included in the training. To assist your business in complying with this new law, the Illinois Department of Human Rights has posted the following information on its website:

- A FAQ for Sexual Harassment Prevention Training
- Minimum Sexual Harassment Prevention Training

Standards for All Employers

Employers must either develop their own sexual harassment prevention training program that equals or exceeds the minimum standards for sexual harassment prevention training outlined in Section 2-109(B) of the Illinois Human Rights Act, or they may use the model training provided by the IDHR. **The IDHR has released the model sexual harassment prevention training that can be used by Illinois employers.** The model training program can be downloaded by visiting <https://www2.illinois.gov/dhr/Training/Pages/State-of-Illinois-Sexual-Harassment-Prevention-Training-Model.aspx>

For more information please visit IDHR's website at www.illinois.gov/dhr/training. 

INDIANA CONTRACTOR ANNOUNCES CANDIDACY

Dave Frame, Bob Frame Plumbing Services of South Bend, Indiana has announced his candidacy for Vice President of PHCC—National. He is the Chairman and CEO of this four generation family owned business.

Dave currently serves on the Health & Welfare Committee of Local 172 & St. Joseph Valley PHCC; Vice Chair – UAC (Union Affiliated Contractors);

State Board Member of National Utility Contractors Association (NUCA); Chair – Insurance Safety and Risk Management Committee – National PHCC & Federated Insurance; as well as actively participating in the St. Joe Valley and Indiana PHCCs.

Bob Frame Plumbing Services, Inc. began more than 86 years ago. Today, four generations later, they remain dedicated to the same core values important to Samuel Frame in 1932: honesty, quality, integrity and service. As a PHCC member since 1975, Dave credits the association with helping their company be more successful.

The election will take place during the 2020 PHCC Annual Business Meeting. 🗳️

Your Guide to PHCC's Enhanced Service Groups

PHCC's Enhanced Service Groups provide education, events, networking and additional resources specifically designed for three distinct industry segments.

QUALITY SERVICE CONTRACTORS (QSC)

PHCC Service and Repair Contractors benefit greatly by investing in QSC and taking advantage of the guidance, education and the provision of resources offered to run their businesses more efficiently and profitably. Business coaching is QSC's most popular and sought-after benefit, followed by custom-designed training and networking events that address the needs of PHC Service and Repair professionals.

CONSTRUCTION CONTRACTORS' ALLIANCE (CCA)

Today's Construction Plumbing-Heating-Cooling Contractors face more and greater challenges every day. CCA serves as an open forum for PHCC's plumbing and mechanical contractors specializing in residential, industrial, commercial and institutional new construction to exchange new and innovative ideas. Active involvement in CCA will help identify and address challenges through events, and annual functions focusing on topics decided upon by CCA participants.

UNION-AFFILIATED CONTRACTORS (UAC)

PHCC's Union-Affiliated Contractors (UAC) are comprised of union signatory contractors, local and state association executives and representatives of the United Association and other joint labor-management groups. The UAC is committed to addressing the special concerns of union signatory contractors and improving the working relationships with the UA, joint apprenticeship and other labor-management groups.

PHCC Associate Members may also choose to increase their membership investment and heighten awareness of their organizations via participation in one or more PHCC's Enhanced Service Groups. Opportunities to present education, exhibit in tradeshow, sponsor events and subscribe to numerous marketing options are just a few of the benefits available to this valuable PHCC member segment. These industry partners are vital components to each of PHCC's Enhanced Service Groups' missions, consistently being sought out for information, support and knowledge regarding current and future industry trends.

Increase the Value of your PHCC Membership.

For a complete list of benefits and sponsorship opportunities please email chic@naphcc.org (QSC & CCA) or penno@naphcc.org (UAC) or call (800) 533-7694.

Cybersecurity and Small Business

It's nearly impossible these days for businesses to operate without the help of Internet-connected devices, which exposes them to cybercrime. It's the small- to medium-sized businesses that are especially vulnerable: half are victims of cybercrime and nearly two-thirds of those victims go out of business.¹ Hackers increasingly target small businesses because there is a low risk they will be caught and a high probability they will be successful.

Maintaining personally identifiable information (PII) on a computer connected to the Internet creates a nearly unavoidable risk. More than likely, names, addresses, and employment information are stored. If PII is acquired by someone without the authority to do so, that may result in a data breach.

Banking, credit, and vendor account information is also vulnerable. Even if that valuable information is not stored on an Internet-connected computer, employees who have access to it can be duped into handing it over to criminals.

Best Practices and Security Tips

Tip 1: Train Employees in Information Technology Security. Training should be offered, especially to those who are responsible for accounts payable, human resources records, and wire transfers. Training for all employees should be reinforced periodically.

Employees should be instructed to refrain from clicking links or attachments in e-mails, and not to pay an invoice until it's confirmed that the sender actually sent it. Even if the e-mail appears to be from a trusted source, employees should learn to always copy and paste links or type URLs into a browser to see if the address is valid.

Tip 2: Funds Transfers. Put a policy in place to have an in-person or telephone conversation to confirm e-mail requests for funds or personal information. It can greatly reduce the likelihood of fraudulent transfers or information sharing.

Tip 3: E-mail Authentication. Phishing can be substantially reduced by verifying that the e-mail originated from the domain it is associated with. If your domain is hosted, it's worth taking some time to look at how your e-mail is set up to ensure proper authentication schemes are used.²

Tip 4: Change default passwords on your router and other Internet-connected devices.

Tip 5: Use a trusted VPN service when using Wi-Fi.

Tip 6: Back up your data regularly both to the cloud and to a removable device.

Tip 7: Update firmware and software regularly.

Tip 8: Provide firewall security for your Internet connection. Ensure your operating system's firewall is enabled, especially if have employees working from home.³

Tip 9: Limit employees' authority to install software and their access to only necessary information and data.³

Tip 10: Require employees to update unique passwords every three months.³

Security professionals used to strive for perfect security, but today they accept that goal as unachievable. Instead, they strive for optimal security by combining best practices with a risk management program that considers purchasing data compromise and cyber coverage through a knowledgeable insurance provider.

Cyber Shield[®] from Federated Insurance is a two-part coverage program designed to help provide essential protection against many of the critical cyber and privacy exposures businesses face. Data compromise coverage and cyber coverage can help your company recover from intentional or accidental breaches.*

² The leading e-mail authentication protocols are SPF (Sender Policy Framework), DKIM (Domain Keys Identified Mail) and DMARC (Domain-based Message Authentication, Reporting & Conformance); best practice is to utilize the three protocols together. <https://dmarc.org/2016/03/best-practices-for-email-senders/>

PROVEN COMMERCIAL PERFORMANCE

Options from Bradford White Magnum and Eco-Magnum Series®

Give your commercial customers quality, reliability and performance you can trust. These commercial water heaters have proven themselves with thousands of satisfied customers.

The D Series:

- ICON HD™ System – the most advanced control of any water heater in its class that provides temperature adjustment and error codes on an easy-to-use digital display. Optional programmable setback control provides additional efficiency savings.
- Hydrojet® Sediment Reduction System & Vitraglas® lining for longer life.
- Electronic Ignition and Automatic Flue Damper.
- Unrivaled proven reliability.

The Commander Series™:

- Down Fired Premix Burner avoids bottom sediment for greater efficiency.
- Up to 82% Thermal Efficiency, Ultra Low NOx emissions.
- Automatically regulates for optimum combustion.
- Ductable air intake can be used in tight spots or when combustible air is lacking.
- Smallest footprint of all Ultra Low NOx commercial gas models in its class.
